The mission statement of the group is:

“To be the preferred provider of Emergency Communications to New Zealand Emergency Services”.

4. Objects

The objects of the group are:

A Section Leader shall not enrol persons attached (in terms of clause [7.2] of the Association Constitution) to branches other than the branch to which the section is responsible (in accordance with Clause 6(c) of these rules) unless arrangements have been made with the branch or branches to which the proposed members are attached. This regulation shall not prevent arrangements between Section Leaders for the deployment and interchange of personnel for operational purposes from outside their own sections.

b) Where a Section has among its personnel, members from a branch other than that to which the section is attached, the Section Leader shall ensure that the other branch or branches are kept informed and are consulted on matters affecting the section as a whole.

c) A member may resign from the group at any time by giving notice to his Section Leader and may also be deleted from the list of members upon ceasing to take part in the activities of the group.
d) Upon enrolling a member or upon a resignation or upon deleting a member from the list of members, the Section Leader shall notify the National AREC Secretary.

e) The National Director shall issue an identification card to each member, which shall remain the property of the group and is returnable on demand.

6. Sections

a) Any branch of the Association may apply to Council to establish a section and Council, before dealing with the application, shall refer the application to the National Director for a report.

b) The name of each section shall be “Name of Branch .... Amateur Radio Emergency Communications” Group.

c) Each section shall be responsible to a branch for its administration in accordance with these regulations.

d) It shall be the responsibility of each branch to which a section is attached to:

   i. ensure that the section remains active and at all times ready and (within the limits of branch finance) properly equipped to carry out its duties as directed by the National Director.

   ii. ensure that the assets held by the branch for AREC purposes (whether such assets are the property of the branch or of the Association) are fully inventoried and properly maintained by the section.

   iii. ensure that financial statements for funds and property held by the branch for AREC purposes are prepared and included in the branch accounts. Where appropriate, or where directed by Council or the National Director the accounts shall be properly audited.

e) Nothing in this part of these regulations shall enable the branch to intervene in the operational responsibility of the National Director, Area Manager, or Section Leader (or any person acting for them) while the section is actually engaged in communication for an emergency or an exercise, or preparing for the same.

f) A section which has ceased to be active may be deleted from the register of sections by Council upon the recommendation of the National Director.
7. Officers

a) The officers of a section shall consist of a Section Leader and such deputies and assistants as the Section Leader himself chooses who shall form a Committee for the section. d) The method of choosing the Section Leader shall be determined by the branch by its constitution or by resolution of a branch general meeting. Where a branch makes no provision for choosing a Section Leader, then the Section Leader shall be elected by the members of the section.

e) A Section Leader may be removed from office at any time by a two-thirds majority vote of those present and voting at a special general meeting of the branch to which the section is attached, notwithstanding the manner in which that Section Leader has been chosen for office.

f) Before passing any such resolution a branch shall give at least thirty days notice to the National Director and the Section Leader and allow both the Section Leader and the National Director to address the meeting at which the resolution is being voted upon.

g) If, after a period of one year, no new Section Leader has been appointed, the retiring Section Leader shall remain in office until a new appointment is made.

8. Area Managers

a) Council may upon the request of the National Director appoint Area Managers, who shall have generally the responsibilities outlined in the AREC Manual together with such additional responsibilities as Council may approve.
b) The appointment of an Area Manager shall be by letters of appointment from the National Director, the terms of which shall be subject to the approval of Council. The letter of appointment shall clearly define the area and clearly state the duties for which the Area Manager is responsible.

b) General meetings may be held at the same time as and in conjunction with meetings of the branch provided adequate notice of the business to be transacted has been given.

c) One-third of the members of the section shall constitute a quorum, unless the National Director directs in a particular case and for a particular meeting that a smaller number shall be sufficient to constitute a quorum.
d) Where there is doubt as to the proper procedure for calling or conducting a
general meeting the National Director may give directions either generally or
in respect of any particular general meeting and a general meeting held in
accordance with those directions shall be deemed to have been properly
convened and conducted.

11. Special Regulations

a) The provisions of these regulations shall apply to all AREC sections
provided that a branch may by its constitution or by resolutions provide for
different provisions in respect of its section from the provisions outlined in
these regulations.

b) No such special provisions shall come into force until the actual text of the
constitutions or of the resolution has been approved by Council after hearing
the views of the National Director.

c) The approval of Council to any such special provisions shall not be given
unless the operational responsibility of the National Director in operations
and exercises is preserved.

requiring the approval of the National Director, that equipment shall not be sold,
exchanged or otherwise disposed of without the written consent of the National Director.

13. General

Sections shall conduct their internal affairs with the minimum of formality but otherwise in
accordance with these rules. Subject to paragraph 14 below, should any question of
interpretation arise or should any event or circumstances arise for which no provision has
been made in these rules, the National Director may give directions in writing, either
generally or in a particular case, and such directions shall be binding on the branch and
section concerned.

14. Interpretation

Clause [8.3] of the Association constitution shall apply to these Rules as though they
were part of the Association constitution.
15. Savings

a) The persons who hold the offices of Area Officer and Officer Commanding shall when these rules come into force automatically hold the corresponding offices under these rules, that is to say, National Director and Area Manager. Likewise, all Section Leaders shall continue in office as though they had been appointed under these rules.

b) Anything which was in progress or partially completed under the Rules revoked on the coming into force of these Rules shall be continued or completed as far as is practicable under the corresponding provision of these Rules.

The paragraph numbers included around square brackets have been changed to indicate the new enabling paragraph references as re-presented in the 2003 constitution.
