

NZART AWARDS

NZART currently offers 23 different amateur radio awards. They offer a range of challenges. Some are relatively easy to attain, and others are very difficult. All awards are open to all licensed amateur radio operators and to shortwave listeners.

RULES FOR ALL NZART AWARDS

1. NZART stresses the 'honour system.' Award applicants do not have to hold QSL cards for claimed contacts. It is sufficient to merely certify that the QSO was legitimately made. This rule applies to all NZART sponsored awards.
2. QSOs made by IRLP, Echolink, or other Internet enabled communication are not acceptable for any award. All QSOs must be by two-way conversation made by radio. D-Star and other DV modes are only acceptable if they are radio to radio contacts with no Internet linking.
3. Cross-band operation is not acceptable for any awards.
4. Repeater QSOs are valid only when specifically stated in the individual award rules.
5. Awards are open to SWL (shortwave listeners) as well as amateur radio operators worldwide.
6. Satellite and EME contacts are acceptable if they are radio to radio contacts with no Internet linking.

APPLYING FOR NZART AWARDS

When applying for any award please observe the following:

1. To avoid spelling errors, please PRINT your name, address, and call-sign.
2. Clearly state which award and endorsements you are applying for. Endorsements for single mode or band etc. are usually only provided if the applicant requests them.
3. Supply a checking log sheet with the call signs, the date of each QSO, mode, band, and any other information required for the award. Excel files are preferred but scanned copies, paper, pdf, jpg, or other files are acceptable.
4. You can apply for awards by email to awards@nzart.org.nz and pay via PayPal to the same address. Or you can post applications to The NZART Awards Manager, PO BOX 1733, Christchurch 8140, New Zealand.

APPLICATION CHECK SHEET LOG FORMS

Log Sheets are available from the NZART Awards Manager by emailing awards@nzart.org.nz. Most of them are also on the NZART website at www.nzart.org.nz/awards/index.html

COST OF AWARDS

- ZL applicants - all award certificates cost \$ 5.00 NZD.
- Overseas applicants - all award certificates cost 6.00 USD, Euro, or AUD.

The cost includes postage and envelope.

Certificates can be provided as an emailed .pdf file that you can print at home or at a photo-centre rather than having a printed certificate sent to you by post.

Endorsements made at the same time as an award application are free. Later endorsements require a new certificate to be printed. New Zealand stations please send \$ 5.00 NZD with your application. Or use PayPal. Overseas stations please include a payment of \$ 6.00 USD, Euro or AUD.

New Zealand, US, Australian dollars, and Euros are accepted with the application. Other currencies are not accepted. Payment can be made via PayPal to awards@nzart.org.nz. Cheques, Credit Cards, IRCs, and Stamps are not accepted.

NZART AWARDS

Captain James Cook Award

NZART established the Captain James Cook award to commemorate the voyages of this world-famous navigator and seaman. In his three voyages to the Pacific Ocean between 1768 and 1779, Cook sailed thousands of miles across largely uncharted areas of the globe. He mapped lands from New Zealand to Hawaii in the Pacific Ocean in great detail. The award requires contacts with stations based in the areas where Cook stopped during his expeditions. It is awarded in three classes.

- The “Sailor Class” award requires contacts with; a G station in Yorkshire, FO, ZL2, VK2, and Hawaii KH6.
- The “Officer Class” award requires all the “Sailor Class” contacts plus contacts with ZL1, ZL3, ZL4, VK3, VK4, P2 New Guinea, and any Antarctic station.
- The “Commander Class” award requires all the “Officer Class” contacts plus any five of the following seven countries: VE2, VO, A35, YJ8, FK8, CE8, KL7.

To apply for the award please send the Awards Manager a list of your valid contacts. State the level of the award that you are applying for, Sailor, Officer, or Commander. The certificate can be endorsed if all contacts are on a single band or mode. Log Sheets are available from the NZART website at www.nzart.org.nz/awards/index.html.

DOC Lands Award

To purpose of the DOC Lands award is to promote the use of Amateur Radio within DOC (Department of Conservation) ‘Controlled Areas’ and to advertise Amateur Radio from these locations to the public. A station can claim credits for working stations from a DOC location or to a DOC location.

A contact with a station can only be used for **one** point at each location per trip. For example, if a station is operating from the Sabine Hut, at Lake Rotoroa, in the Nelson Lakes National Park, you can choose to use the contact as a contact with a Forestry Hut, a Lake Station, or a National Park station. But you cannot claim the contact against two or all three categories.

[Log Sheets](#) are available from the NZART website or the Awards Manager. Eligible contacts for this award must be dated 1st January 2003 or later. <http://www.nzart.org.nz/activities/awards/>

The station at a DOC location must be located within the boundaries of:

1. An official DOC Campsite for a ‘DOC Campsite’ credit.
2. A Forest Park for a ‘Forest Park’ credit.
3. A National Park for a ‘National Park’ credit. (Contacts can also be used for the National Parks award).
4. Within 1 km of a lake and within DOC boundaries for a ‘Lake’ credit. (Contacts can also be used for the Lakeside award). Lakes as per our Lakeside award, but those on DOC Lands only.
5. Within 10 km of a lighthouse within DOC Boundaries for a ‘Lighthouse’ credit, while the station itself must be within the boundaries of DOC Lands. (Contacts can also be used for the Guiding Light award)
6. Within viewing distance of a DOC Hut within DOC Boundaries for ‘DOC Hut’ credits.
7. On an island controlled by DOC for ‘Island’ credits.

Basic certificate	Intermediate certificate	Advanced certificate	
Contacts are required with			
2	4	6	DOC Campsites
1	2	3	National Parks
1	3	5	Forest Parks
1	2	3	Lighthouses in DOC controlled areas
1	2	3	Lake in DOC areas
2	4	5	DOC Huts
0	1	2	DOC controlled land on islands

MIA - Minor Islands Award

The Minor Islands Award is awarded for contacts with or from minor islands off the New Zealand coast. For example, Kapiti Island, Portland Island, Great Barrier Island, Little Barrier Island, Waiheke Island, D'Urville Island, Rangitoto Island, Kawau Island, and Motutapu Island. There are currently 141 islands on the list. Other minor islands may be acceptable at the Award Manager's discretion.

1. Contact with 5 different islands is required. Endorsements for ten, twenty, or thirty islands.
2. Stations operating from minor islands must work a minimum of 5 New Zealand stations from 5 different islands. 25 contacts in total. Endorsements for operating from ten, twenty, or thirty islands.
3. Islands which are connected to the mainland by a causeway and rocks covered by water at high tide are not eligible. Islands in rivers or lakes are not eligible.
4. The 'island' station must be located on the island, or on a boat tied to a mooring, wharf, jetty, or anchorage adjacent to the island.
5. The award is for working stations located on or nearby the small islands around the New Zealand coastline, including islands in harbours, sounds and fiords. The list includes Stewart Island but excludes ZL0, ZL8, ZL9 and other islands that have their own DXCC identifier.

List of islands valid for Minor Islands Award				
Adele Island	Codfish Island/Whenuahou	Kopuahingahinga Island, Manukau Harbour	Ngarango Otainui Island, Manukau Harbour	Quarantine Island/Kamau Taurua

Cavalli Islands	Kapiti Island	Motutapu Island	Rurima Island	
Chalky Island	Kawau Island	Moutohora Island/Whale Island	Ruapuke Island	
Coal Island	King Billy Island	Native Island		

Lighthouse Award

The Lighthouse Award requires contacts with stations within 30 km of the more remote lighthouses and 10 km of the lighthouses closer to cities. Depending on the degree of difficulty each lighthouse has been allocated between one and five points. A total of 20 points are required for the basic "Mariners" Award and 50 points for the "Master Mariners" Award.

The lighthouses

<i>North Island</i>	Points	km	<i>South Island</i>	Points	km
Cape Reinga	2	30	Cape Foulwind	1	30
Cape Brett	1	30	Kahurangi Point	3	30
Mokohinau	5	30	Farewell Spit	2	30
Cuvier Island	3	30	Boulder Bank	1	10
Tiritiri Matangi	1	10	Stephens Island	5	30
Bean Rock	1	10	The Brothers	2	30
East Cape	2	30	Cape Campbell	1	30
Portland Island	2	30	Godley Head	1	10
Castlepoint	2	30	Akaroa	1	30
Cape Palliser	2	30	Moeraki	1	30
Baring Head	1	10	Taiaroa Heads	1	10
Pencarrow	1	10	Cape Saunders	1	10
Somes Island	1	10	Nugget Point	2	30
Cape Egmont	1	30	Waipapa Point	2	30
			Dog Island	1	30
			Centre Island	1	30
			Puysegur Point	5	30

[Log Sheets](#) are available from the NZART website or the Awards Manager. Eligible contacts for this award must be dated 1st November 1998 or later. <http://www.nzart.org.nz/activities/awards/>

National Parks Award

The National Parks award promotes operation from any of New Zealand's thirteen National Parks.

1. The award is for contacts made with stations operating within the boundaries of a New Zealand National Park.
The National Parks are, Tongariro, Whanganui, Egmont, Kahurangi, Nelson Lakes, Abel Tasman, Arthurs Pass, Paparoa, Aoraki Mount Cook, Mount Aspiring, Westland Tai Poutini, Fiordland, and Rakiura.
2. Contact with 2 National Parks is required. Both contacts can be with the same station provided the parks are different.
3. For stations operating within National Parks, the requirement for the award is to work a minimum of 5 New Zealand stations from 2 different National Parks. 10 contacts in total.
4. Contacts can be on any band, using any mode, and repeater contacts are accepted.
5. Endorsements are available for activation or contacts with more than two National Parks.
6. Eligible contacts must have been made after January 1st, 1988.

NZ Armed Services Award

The New Zealand Armed Services Award is presented by the Awards Net to remember all amateur radio operators who have served their country. The aim is to contact 100 members or former members of the New Zealand Armed Services.

1. The award is open to all amateurs and SWLs.
2. All contacts made after August 1, 1992 are eligible.
3. All NZ Amateur Radio bands and modes may be used.
4. Repeater contacts are accepted.
5. Each station may only be contacted once.
6. Only one service number may be used per station.
7. ZL stations to work 100 contacts. VK stations to work 50 contacts. DX stations to work 30 contacts.
8. Information required: Log data, Service Number, Service in which the person served (A) Army, (AF) Air Force, (N) Navy etc.

NZA - New Zealand Award

1. Available to all radio amateurs. All NZ Amateur Radio bands and modes may be used.
2. Repeater and Internet enabled contacts are not accepted.

Requirements:

A total of 101 contacts which must have been made after December 8, 1945.

You need:

- 35 contacts with ZL1 call signs,
- plus 35 contacts with ZL2 call signs,
- plus 20 contacts with ZL3 call signs,
- plus 10 contacts with ZL4 call signs,
- plus 1 contact with a ZL 'territory' with a ZL callsign. A New Zealand callsign operating from an Antarctic base, Chatham Islands, Kermadec Islands, or Campbell Island.

ZL6 callsigns are used for clubs and special event stations on the New Zealand mainland. They are only valid as ZL1, ZL2, ZL3 or ZL4 contacts for the NZA award, depending where the station is located. For example, ZL6LH is a ZL1 station, ZL6QH is a ZL2 station. ZL6 stations that cannot be located to a specific region will not be accepted as valid contacts for the award.

You must have one contact with a ZL 'territory,' a ZL callsign operating in Antarctica, Chatham Islands ZL7, Kermadec Islands ZL8, or Campbell Island ZL9. There has not been a ZL ham station at Scott Base in Antarctica for many years. But if you have a contact with a ZL callsign operating from Scott Base or any base on Antarctica, I will accept it.

ZL1CT/4 would be counted as a ZL4 station. ZL1/PA0MIR would be counted as a ZL1 station.

NZLA - New Zealand Lakeside Award

The New Zealand Lakeside Award is designed to promote operation from New Zealand's scenic freshwater lakes and to stimulate mobile and portable operation. Estuaries and inlets are not counted as lakes. The award is open to all amateur radio operators.

General Rules

Contacts can be made on any band or mode, but not via repeaters or the Internet. Satellite contacts are valid for this award.

The LOG must contain the date, band, mode, station worked, and LINZ lake number (or name) for each QSO. Endorsements are available for all contacts being achieved on a single band, or mode, or for satellites.

Rules for Hunters

For the Basic Hunter Award, contacts are required with stations operating from 10 unique freshwater lakes in New Zealand. There are currently 1184 lakes on the list (which is based on a LINZ list). Download from the NZART website.

Hunter endorsements are available for each additional group of 10 lakes.

A Hunter Honour Award is available for contacts with 50 or more lakes.

Activating Stations must be located within 500m of the lake shore.

Rules for Activators

The Basic Activator Award is awarded for 10 unique lake activations. A minimum of 2 contacts is required to qualify as an activation.

You can only activate one lake at a time, and you can't go back to it once you move on to the next one

Activating Stations must be located within 500m of the lake shore.

An Activator must supply each contact with at a minimum the lake number or the name of the lake

Activator endorsements are available for each additional unique 10 lakes activated.

An Activator Honour Award is awarded for 50 unique activations.

Full rules are on the NZLA Log Sheet which is available from <http://www.nzart.org.nz/activities/awards/> or the Awards Manager.

Common Frequencies:

CW 5353 kHz (with permit), 7032 kHz, 14,062 kHz,

SSB 5363 kHz (with permit), 7090 kHz, 14,310 kHz

NZART Century Award

The NZART Century Award is based on the Maidenhead Locator System. It is open to all amateur radio operators and SWLs.

1. Contact with a hundred different New Zealand six-digit sub-squares is required for the Century Award. The log entry for each contact must state the full six digits of the Maidenhead Grid, for example, RF66ak.
2. All contacts must be from the New Zealand mainland or surrounding islands.
3. Certificates are available for working 100, 200, 500, 1000, 1500, 2000, 3000, or 4000 sub-squares.
4. Eligible contacts must date January 1, 2000 or later.
5. Any operator on a "Century Award DXpedition" whether mobile or portable may claim the sub-square for their own credit.
6. The Log Sheet is available from <http://www.nzart.org.nz/activities/awards/> or the Awards Manager.

Maidenhead Grid maps are available from several online sources. The map at <https://dxcluster.ha8tks.hu/hamgeocoding/> shows grid locators. You can zoom in to get the six digit locator. The 'Maidenhead' app available for iOS phones will supply your current Maidenhead grid locator to six or eight digits. http://www.levinecentral.com/ham/grid_square.php will show the grid for an entered callsign or address.

Tiki Award

Work five ZL stations on five bands. Twenty-five contacts in total. QSOs must be dated post-war. Endorsements will be added for working five ZL stations on six, seven, eight, or nine bands.

5 × 5 Award

This premier award has been instituted to recognise the increasing interest in Five Band DX operation. The award requires that you contact five stations from five different DXCC entities on five bands. Twenty-five contacts in total. You need five contacts with each of the five stations, one contact per band times five bands.

ZL1 Award

The ZL1 award requires contacts with 125 different ZL1 stations dating post-war. Endorsements 175 and 250.

ZL2 Award

The ZL2 award requires contacts with 100 different ZL2 stations dating post-war. Endorsements for 150 and 200.

ZL3 Award

The ZL3 award requires contacts with 50 different ZL3 stations dating post-war. Endorsements for 75 and 100.

ZL4 Award

The ZL4 award requires contact with 25 different ZL4 stations dating post-war. Endorsements for 35 and 50.

Endorsements can be made to the ZL1, ZL2, ZL3, ZL4 awards if all contacts are made in a single calendar year.

ZLA Award

Contacts are required with a ZL1 in Auckland City, a ZL2 in Wellington City, a ZL3 in Christchurch City, a ZL4 in Dunedin City, ZL7 Chatham Island, ZL8 Kermadec Island, and ZL9 Campbell Island.

Any band or mode. Repeater and Internet enabled contacts are not accepted.

Endorsements are available for working all stations on a single band or mode. Or if you also work a ZL6 and/or a ZL5 (Antarctica).

NZR - New Zealand Regions Award

This award is to promote contacts across New Zealand. The aim is to work New Zealand Regions and Districts.

Basic requirements

Contact 18 Districts in at least 4 Regions.

Stickers for contacting 36 Districts in at least 8 Regions and for contacting 54 Districts in at least 12 Regions.

Special award for working all Districts.

Boundaries

The boundaries are as per InfoMaps 242B-1 to 242B-4 (four maps) and will remain to give a basis of stability.

Applications for the award must be on the NZR log sheet available from <http://www.nzart.org.nz/activities/awards/> or the Awards Manager.

The following is a list of available **Regions** and Districts.

Southland

Gore
Southland
Invercargill

* Some districts cross regional boundaries.

VHFCC - VHF Century Club

One hundred points are required from QSOs with ZL stations on the following basis:

- 50 MHz band simplex contacts count as 2 points.
- 144 MHz band simplex contacts count as 3 points.
- 432 MHz band simplex contacts count as 6 points.
- Higher band simplex contacts count as 8 points.
- Repeater contacts on any band count as 1 point.

A station may only be claimed once per band but the same station may be claimed on several different bands.

Endorsement stickers are available for 200, 300, 400, or 500 points.

An endorsement is available if all QSOs were made on a single band and / or mode.

An endorsement is available if all QSOs were made via satellite, EME etc.

WAD “Worked all Districts” A VHF / UHF / Microwave Award

The award is designed to promote simplex operation on the higher amateur radio bands. It requires a simplex contact on any of the VHF, UHF, or microwave amateur radio bands with stations operating in each of the ZL1, ZL2, ZL3, and ZL4 areas. One contact per ZL call area. Any mode is accepted. Repeater contacts are not accepted.

An endorsement is available if all QSOs were made via amateur radio satellite.

An endorsement is available if all QSOs were made on a single band and / or mode.

- ZL1 is the North Island north of and including Taupo
- ZL2 is the North Island south of Taupo and the upper South Island; Nelson and Marlborough
- ZL3 is the South Island north of the Waitaki River and excluding Nelson and Marlborough
- ZL4 is the South Island south of the Waitaki River

Clarification: If you work a station with a ZL1 callsign that is operating from inside the ZL3 call area. You can claim the call as a ZL3 but not as a ZL1. It is the area where the station is operating from that is important not the call letters that the station is using.

Yearly Award

This is a recurring annual award. The aim is to work at least 100 contacts including at least 20 ZL stations in a single year. Certificates can be awarded for contacts made in any year since 2001.

1. All contacts must be made between January 1 and December 31 of a single year
2. A minimum of 100 contacts is required. All logs must include at least 20 ZL contacts.
3. Log details must include the operator's call-sign, name, and the date worked.
4. The award is open to SWLs who must include both operator's names and call-signs.

Endorsements are available for achieving the award requirements on **consecutive** years. For example, 2018, 2019, and 2020.

Endorsements are available for achieving the award with a single DXCC entity, or on a single band or mode.

WAP “Worked All Pacific”

Contacts are required with 30 different DXCC “Oceania” entities. See the list below.

Eligible countries: Any Oceania entity that is eligible as Oceania for WAC. These are marked as OC on the Continent column of the DXCC list, see: www.arrl.org/files/file/DXCC/2017%20DXCC%20Current2.pdf.

Five Band WAP “Worked All Pacific” (5BWAP)

Contact 30 “Oceania” entities on five bands. A total of 150 contacts. Each Oceania DXCC entity must be contacted on at least 5 bands. You do not have to use the same five bands for all contacts.

Certificates can be awarded for WAP on 5, 6, 7, 8, or 9 bands.

Eligible countries: Any Oceania entity that is eligible as Oceania for WAC. These are marked as OC on the Continent column of the DXCC list, see: www.arrl.org/files/file/DXCC/2017%20DXCC%20Current2.pdf.

WAZL “Worked All New Zealand”

Contacts with 45 different Branches of NZART is required for ZL applicants

Contacts with 30 different Branches of NZART is required for overseas applicants

Special endorsement if WAZL is completed within a 12 month period.

For WAZL credit, mobiles operating outside of their own Branch Area must use the Branch Number of the area in which they are operating.

Stations worked do not have to be NZART branch members. But it is important to obtain the closest local branch.

Contacts with stations in branches that are currently closed or in recess will only be allowed if the QSO occurred before the branch became inactive. Substitute the closest active branch. There are currently 65 active branches.

NZART Branches for WAZL

01 Ashburton	31 Pahiatua (in recess)	61 Central Otago
02 Auckland	32 Rāhōtu Coastal (absorbed into branch 87)	62 Reefton-Buller
