

# **ANNUAL GENERAL MEETING Minutes**

## **Saturday 5th June 2010**

Alexander Park Raceway

### **Welcome**

ZL1TGC welcomed everyone to the meeting, promptly at 8:30am. He then introduced Mrs Fadia Mason, Compliance Officer, for Radio Spectrum Management.

Fadia spoke on her role which liaises with product suppliers. She also made special mention of the recent fine imposed on a radio amateur for operating outside his GURL.

She advised that the MED hope to implement better border control in the next 6 months.

Fadia declared the meeting open at 0845am.

ZL1TGC thanked Fadia for her remarks then handed the meeting over to the President Roy Symon ZL2KH to start the AGM.

### **2. Silent Keys – minute silence**

Gerry Kilpatrick ZL1BBS

### **3. Confirmation Of Quorum**

A quorum of 1132 was required for the meeting to proceed. 1433 transmitting members were recorded as being present.

### **4. Report On Council Business**

The following are outcomes of those motions passed at Council's meeting on Friday 4th June.

NZART will make a contribution to Peter Lake ZL2AZ of \$1,000 to assist with expenses incurred while attending APG3.

This was carried unanimously and Council thanked Peter for his continued commitment to amateur radio at international level.

After considerable discussion Council resolved

That 2011 subscription remains at \$95 with a rebate increase of \$15 if paid by 30 November 2010.

All other subscription levies will remain. ZL2KH said it was also timely that we encourage people to either pay early or on a monthly basis.

It was noted that there has not been an increase in subscriptions since 2004 at the Blenheim Conference. Therefore ZL2KH stressed the Association has absorbed annual inflation costs over the past 6 years.

Council approved the application from ZL1TPH, with thanks, to join the FMTAG committee for a 6 month trial period.

The Business Manager submitted a paper to Council on the current location and operation of NZART HQ.

Having considered all possible options as submitted, council resolved to remain in the same location in Upper Hutt, in the interim, until a suitable lower cost option becomes available.

One of the options submitted by the Business Manager, that Council considered, was a home office environment. There are technical issues regarding access to computer based files, therefore Council further decided that Evan Sayer Association Treasurer be appointed to lead a project team to resolve software issues regarding remote access to data.

Northern Region Councillor Phil King ZL1PK, is to review in the coming month, all submissions on the future of NZART, recently received and prepare a summary for Council's consideration. Phil will highlight and prioritise those areas needing urgent attention.

The following motion was also passed as a result of these submissions.

That NZART implement a Membership drive at Branch level, with an incentive of 50% of the first years subscription going back to Branches who sign up new members. This also includes members that have not been NZART members within the last 5 years.

Branches of course will need to appoint an agent to ensure this can be run effectively and efficiently and give financial benefit both for the Branch and the Association.

Acting on a letter from Nelson Branch, Council gratefully received the donation of a cup or trophy by the Branch. This will be awarded in recognition of candidates who have achieved high examination results in all age groups not otherwise catered for.

Council had several officers visit throughout the day, John Walker ZL3IB Break In Editor, Don Wallace, ZL2TLL Administration Liaison Officer, and Peter Lake ZL2AZ IARU Region 3 Director. Council thanked these and ALL of the hard working officers who commit so much of their time and energy for the Association.

Council resolved on request from ZL1TPH and ZL4PLM to advise FMTAG, they see no objection to a weak signal band between 2396 – 2400 MHz

Before the close of the meeting, Vaughan ZL1TGC updated Council on the Kordia situation. Site access has been reinstated, however anyone having concerns regarding this is to contact Vaughan. An approach is being made to SOE Minister Simon Power to see if free amateur hosting can be retained.

The Co-location Agreement has been signed with a copy being held at NZART HQ.

## **5. Minutes 2009 AGM– Confirmation**

Moved ZL2LS Seconded ZL1UD Carried

## **6. Annual Accounts**

### **a) Annual accounts – Evan Sayer**

Moved Treasurer Seconded ZL3TNT Carried

Evan then proceeded to talk to members present as follows: Quote.

“Twelve years ago I stood before you for the first time to present your Associations Financial Report . That was for the year ended 31 December 1998 and it was far from a pretty picture. The loss for the year just ended was \$69615 and Total members funds were a whole \$1614. During that year the Association had been technically insolvent ie Subscriptions received for the new 1999 financial year were used to pay the bills of the previous year.

This last year, 2009, produced a surplus of \$22,693 and when added to previous year’s Total accumulated funds your Members funds now exceed \$239,000. I don’t apologise for this result although I understand some members believe I have rorted the membership.

This latest financial result was achieved against a budgeted loss of around \$10 - \$12000. The difference occurred because expected costs for the IARU Region 3 meeting in Christchurch was kept well in check and of course you had no callbook. On top of this negotiations were underway with Kordia for which I needed to make a financial provision. Rorting is not a description that I take a lot of comfort in, but it’s obviously a perception that some of your members obviously have of me and I find it disturbing. To top that off I learned over dinner last night that the grapevine has it that I must be sitting on a stash of money hidden away somewhere. While my long and varied career has included forensic accounting your Associations accounts have been audited by a reputable firm of Chartered Accountants for more years than I have been involved and while I enjoy a good business relationship with that Company, it’s to the financial advantage of this organisation that the benefit accrues not to me.

While on such topics I should probably pass comment on the Business Management Committee or whatever it’s currently called and the hidden agendas that we are supposed to have. As a member of that august body I have stuffed more envelopes and licked more stamps than I could count. I have rung, emailed or contacted all manner of persons, extracted all sorts of favours and benefits for your Association and its members. While I realise that I’m preaching to the converted here next time you receive one of those emails or view a blog just be content in the knowledge that you know real truth of the matter.

The 2009 Financial Accounts. We have receipted more subscriptions last year but that is a result of a promotion done 2 years ago. The financial health of this Association lies in maintaining or better still increasing membership.

Interest. As predicted last year the fall in interest rates has approximately halved the income we receive from this source.

I think it’s fair to say that we keep a close eye on expenses and don’t spend money just for the sake of it.

Cash Resources. WE have maintained a policy of keeping our Cash resources invested in the mainstream banking system. That limited our exposure to the financial market collapse but we also take a lower return than to income” Unquote

## **b) Appointment of Association Auditor**

Motion: That Parsons Roddick be appointed as the Association Auditor.

Moved: Association Treasurer Seconded ZL3VP Carried

## **9 Officers’ Reports As Published In Break-In Issues**

Debby ZL2TDM corrected her report and advised that she did not move to the Kapiti Coast as reported, and will not now be doing so. Therefore her office hours are subject to change, dependant on what members prefer. At this stage she will go to 4 days a week 8:30 – 2:30 Tuesday to Friday.

A request to have HQ Info-line in pdf format was raised after the HQ Info-line report. ZL2KH will liaise with Jamie ZL2NN into the feasibility of this.

Special thanks were attributed to ZL2NN for carrying on good work – received with acclamation. ZL2BHF requested that branches please forward Branch newsletters to [zl6a@nzart.org.nz](mailto:zl6a@nzart.org.nz) if able via e-mail.

Two vacant positions have now filled. Simon Lewis ZL4PLM has been appointed to the UHF/VHF/SHF Records Keeper position and Frank Hunt ZL2BR has been appointed to the position of Contest manager.

## **14. General Business**

ZL3TMB Christchurch, re prosecution of Mr Potter. Have to prove that you don't use equipment not in compliance of your GURL. So watch out. The law works.

Frank Hunt - the amendment to the ACT in 2008, was to clarify the old law of, being able to prosecute persons using the equipment, need to actually catch them in the act. The ACT was introduced to be able to prosecute where it is known and have evidence of a person operating outside of their GURL.

ZL2TLL clarified with RSM – if a Radio amateur exceeds the limit of their GURL then RSM have the right to prosecute.

Motion: That NZART approach MED to increase power levels to 1.5 kW
